Right Of Way Secured And Work On New Sierra Madre Road To Start In 30 Days

Building Of Mountain Highway To Furnish Year's Employment To Many

Announcement was made by the Los Angeles county road department this morning that it has secured an agreement with the Lannan estate of this city which completes its right-of-way for the proposed Sierra Madre Canyon Highway into the Angeles National Forest and that actual construction would begin as soon as deeds for the right-of-way are officially recorded.

"It probably means that the work will get under way within 30 days, since the deeds should be recorded within the next week or so," said Assistant Road Engineer Cooley.

A second survey made by the county that materially alters the route to be taken through the Lannan estate, was the basis for the agreement with the Lannan family reached on Tuesday. The route originally proposed was more direct than the one now agreed upon and the cost of construction would have been less.

Objection was raised to the original survey by the Lannan estate because the proposed road would have bisected a mesa on the estate considered the most valuable part of it in the event that the estate should be subdivided and on which a tennis court, swimming pool and showers were built.

Announcement that the County Supervisors had appropriated \$135,000 for construction of the highway came most unexpectedly nearly four months ago with the explanation that it was to be built at this time to help relieve unemployment in this vicinity.

The route as originally announced called for a continuation of Santa Anita avenue (Double Drive) past the Arcadia reservoir at Grand View and Santa Anita avenues and thence through the Lannan and other estates around into the Big Santa Anita canyon and on up to the flood control dam. Later, it was explained, the road would be continued through the mountains for a short distance to connect up with the Palmdale cut-off now being constructed in the Arroyo Seco and on the desert end in the vicinity of Acton, giving the territory lying south of Sierra Madre a really direct route to the desert and the North.

The number of men to be employed on the new highway, now known both as the Sierra Madre Canyon Road and the Santa Anita Highway, will increase as the work progresses. It will be possible to employ only a comparatively few for a short time. Later the force will be increased to 75 and more, according to road department officials.

The workmen will be taken from this and adjoining cities. It will not be necessary for applicants for work to file their applications with the road department in Los Angeles, the department announced, for the needed help will be drawn from the lists of unemployed who have registered at the City Hall in this city, Arcadia and other towns hereabout. Assistant Road Superintendent Cooley said he was not able to estimate the exact time it would require to build the road. He was sure, however, it would afford employment throughout next winter.

FIRE DEPARTMENT IS CALLED FOR TWO BRUSH FIRES HERE

Dangerous rubbish piles and an incinerator caused two brush fires in Sierra Madre yesterday, causing Chief Richards to issue additional warnings against the dry weed menace.

The first fire, reported by R. D. Van Horne of Bella Vista Apartments, occurred at 8 o'clock in the rear of the Adams' place at the end of North Mountain Trail, where flames spread from a cot placed near an incinerator to dry grass, Chief Richards said last night.

At noon the siren blew for a brush fire started by sparks from a pile of burning trash at 672 Manzanita avenue.

WOMAN'S GUILD HOLDS AFTERNOON BRIDGE TEA

The Women's Guild of the Church of the Ascension is holding a bridge tea this afternoon in the Parish House. The card tables will be in charge of Mrs. T. H. Flather and Miss Edna Green; prizes, Mrs. F. H. Worthington; refreshments, Mrs. M. D. Welsher, Mrs. William Carson Shaw, Mrs. J. N. Hawks, Mrs. H. H. Holland and Mrs. Phillip Senour; general courtesy, Mrs. W. W. Murphy and Mrs. W. H. Murray. Many Sierra Madreans are planning to entertain parties of their friends.

City's Beauties Will Be Presented To Home Seekers

Sierra Madre is soon to have a beautiful new folder containing sixteen pages of attractive scenes and reading matter descriptive of the city's many advantages to be sent throughout the nation to prospective residents.

Contract to print 10,000 copies of the booklet, which is to include a map pointing out accessibility of the city, and over twenty illustrations of community beauty spots, was awarded THE SIERRA MADRE NEWS at a meeting of the Chamber of Commerce on Wednesday night.

As in previous years, the folder will be backed by a beautiful five-color photograph of this city's noted wistaria vine in bloom. Photographs of local homes and scenes to be used in the publication were taken recently by the Los Angeles Chamber of Commerce.

Weed War Is Held Up Five Days

Council Agrees To Delay In Combat With Fast Growing Fire Hazard

Citizens have five days more in which to fight odious weeds, the fire hazard—and the weed tax which goes along with them—City Engineer Earl J. Lynde declared at a meeting of the City Council on Wednesday night.

Work which was slated to begin on Thursday, May 21, has been held over until next Monday, Lynde said, as a concession to the many lot-owners here who live out of town, or are prevented by work from clearing their own property except on week-ends.

Indications are that more than half of the 1400 lots posted this year will be cleaned by their owners before the Monday morning deadline.

To eliminate mountain fire hazards, two crews will begin work then at the north limit of the city, working south toward Orange Grove Avenue.

No protests were brought forward by property owners when the weed-cleaning measure was up for consideration. It will automatically add an approximate 40 per cent to average labor costs when assessed against the properties. A further protest meeting against assessed costs will be held after the work is finished in July.

LAD HERE WINS 1ST PRIZE IN NATIONAL WRITING CONTEST

Announcement has just been made that Harold Keltz, 397 N. Baldwin avenue, student at Pasadena Junior College, was first place winner in California high schools for feature story writing in the National High School Awards. Quill and Scroll, international honorary society for secondary school journalists, conducted the feature contest. The winning story was "Around the Bases," a summarized history of baseball.

Nationally known newspaper and magazine editors judged 17 contests, in which more than one million high school students entered. For the past year Keltz has served as sports editor and head copyreader of the "Chronicle," junior college weekly.

LEGION WOMEN WILL SELL POPPIES HERE FOR VETERANS AID

Ladies of the American Legion Auxiliary of Post 297 will do their bit tomorrow toward aiding the disabled veterans of America, when they begin their annual sale of Flanders poppies.

The poppies which will be distributed here were made by the disabled veterans of Letterman, Palo Alto, Mare Island, San Diego, San Fernando, Sawtelle and Yountville soldiers' hospitals, Mrs. Louise Roe, auxiliary president, said yesterday.

SWIMMING POOL TO BE OPENED TOMORROW

Canyon Park municipal plunge was filled to the brim with mountain water yesterday in preparation for the large crowds expected at the formal opening of the pool Saturday morning, when all Sierra Madre is invited to swim without charge.

Bright Paint To Prevent Private Use Of City Cars

City trucks and automobiles may soon be painted a distinctive color, both as a preservation measure and to distinguish them from cars owned privately by city employees.

Earl J. Lynde, superintendent of the water and street departments, asked the City Council to order painting of motor equipment used by the two bureaus this week. The matter was referred to the street and water committee with power to act.

Bishop To Officiate Here Sunday

Will Be Present At Two Services And Attend Episcopal Sunday School

Members of the Church of the Ascension will be favored with the personal services of the Bishop of Los Angeles again this month as Bishop Stevens has announced he will officiate at all services this coming Sunday, the 24th.

He will be the celebrant at the 8 o'clock communion service and will be present at the church school at 9:30. The Bishop has shown particularly deep concern and interest in the welfare of the Sunday School and there has been a gratifying increase in attendance since he first took charge of the parish. At 11 o'clock he will read Morning Prayer and deliver the sermon.

The parish is looking forward to this visitation with keen interest as it is a matter of great gratification to the members that the Bishop is devoting so much of his valuable time to the affairs of this parish and they feel it is largely through his personal efforts that they are so fortunate as to have Dean Bode reside here. A large attendance is expected at both services Sunday.

Social affairs at the church have taken on new life with the arrival of Dean Arnold G. H. Bode and his family, honored with a dance and reception Friday night, and to be the center of attraction at a bridge tea this afternoon.

The new family was entertained by Mr. and Mrs. J. N. Hawks when the first vanload of furniture arrived at the rectory Saturday morning, and since that time has been busily occupied with details of moving into their new home, completely renovated and refurnished by members of the congregation.

"Mrs. Bode and myself have been up to our necks in books, furniture—and whole hearted expressions of welcome," the new head of the parish said yesterday. "We are charmed and delighted with renovation of the rectory, and at the kind reception we have already had from everyone."

Woman's Club Will Elect Its Officers At Wednesday Meet

Woman's Club members will elect recently nominated officers at the club luncheon and meeting next Wednesday afternoon. Since selections of the nominating committee are expected to be unopposed, the election will amount to ratification proceedings, club officials indicated yesterday.

The Drama and Motion Picture division will take an active part in the day's program, which is to begin at 11 o'clock. Luncheon will be brought by members, while light refreshments are to be served by Mrs. Emile Smith and Mrs. Waverly Pratt. Bridge games on the lawn will occupy a social hour after luncheon.

Mrs. O. B. Manchester, curator of the book review section, will discuss current fiction.

BETROTHAL OF CHIEF G. B. McMillan And Marie Jenkins Told

Mrs. Aimee Jenkins, 68 North Auburn avenue, has announced the engagement of her daughter, Marie Ernestine, to Gordon G. McMillan, son of Mrs. S. E. McMillan, of 154 East Central avenue, and head of Sierra Madre Police Department.

The young couple are very well known here. The prospective bride was a student of Sierra Madre Grammar School and attended Pasadena High School, later serving as assistant secretary of the Chamber of Commerce and bookkeeper for a motor car agency.

The wedding will be an event of early fall.

Another Big Ball Game On Here Tonight

Legion League Team Plays Five Of Its Seven Scheduled Contests At Home

With official release of the first half of the 18th District American Legion Night Ball League scheduled this week, Legion players were jubilant over the prospect that they will play five of their first seven games on the home diamond.

On the local diamond, Sierra Madre will successively meet San Marino on May 22, East Pasadena on May 29, and Azusa on June 5. Then the Legion will meet Alhambra on the Alhambra field June 12, playing their game with Puente here on June 19.

In their new outfits, contributed by Sierra Madre Legion merchants, the players will meet San Marino tonight on the school grounds here in a game expected to draw crowds larger than those of last week. Since San Marino has also gone thus far undefeated, a sensational contest is predicted.

Time told another baseball story this week when the Legion trimmed the Sierra Madre All Stars at the diamond Tuesday night. Spectators watched a close game, held to a score of 1 to 1 until the sixth inning, when a fly dropped by Fred Lalone started a massacre which ended with the Legion victor, 10 to 2.

The line-up of the All Stars, who will play Hanna's Cleaners of Monrovia on the diamond here next Wednesday night, follows: A. Lalone; pitcher, B. Keith; first base, J. Young; second base, Fred Lalone; short stop, Emile Smith; third base, L. Miller; left field, C. Young; center field, J. Heasley; right field, J. Ropp and H. Munson.

Waverly Pratt and Vincent Fleming of the sports committee have asked all aspiring players to report to them this week, since the City League schedule is now in process of formation.

Ball Fans Go Wild; Home Team Wins

Big Crowd Sees Legion Beat Pasadena For Its Second Straight Victory

In a game witnessed by wildly cheering spectators who filled the new grandstands and lined all sides of the playground diamond, Sierra Madre's Legion team christened the newly lighted school ball field Friday night with a brilliant win over the strong Pasadena Legion team—the first game here of the Legion league.

By a score of 7 to 2, Sierra Madre eliminated its second contestant of the series in a contest featured by Waverly Pratt's smoky bath which marked up 14 strike-outs in opposing ranks.

The stands went wild as Pratt and Minor Harkness smashed out a home run apiece. Harkness, who put one over the fence in the game with Arcadia the week before, sent the sphere sailing high over the far outfield again Friday night.

The spirit of the crowd, which represented a good-sized slice of Sierra Madre's population, with many rooters from Pasadena, left no doubt as to this community's hunger for outdoor entertainment. Such eager enthusiasm as was displayed Friday night has had no parallel here for years, it is said, and authorities sponsoring the new town-wide sports program at the playground say that the turnout proved the need of the recreation ground beyond the shadow of a doubt. The score follows:

Memorial Day Observance Is Arranged

Exercises To Be Held At Cemetery And Park House As Veterans March

Its business houses will be closed and all Sierra Madre will pause next Saturday, May 30, when representatives of every civic group and a large percentage of the citizens will attend impressive Memorial Day ceremonies in City Park beside a bronze plaque commemorating the war dead from this community.

Commander Vincent Fleming announced yesterday that Rev. Father Thomas Carter of the Passionist Monastery will lead the park exercises, and F. M. Eakman is to sing when a wreath is placed upon the bronze memorial tablet.

The park exercises will take place after the Memorial Day parade, to form in front of the City Hall at 10 o'clock Saturday morning.

Veterans of all the wars will march down Central avenue accompanied by Sierra Madre Grammar School orchestra, which will play music appropriate to the occasion.

At the cemetery, the American Legion Auxiliary, church groups and private citizens will decorate graves with flowers contributed by the community at large.

The Legion Auxiliary will meet at the home of Mrs. E. D. Robertson on May 28, when final preparations for the day will be completed. Mrs. Louise Roe has sent out an appeal for flowers to be used in making wreaths for the veterans' and all unkept graves. Persons who wish to donate flowers for the purpose are asked to leave them at City Hall Legion headquarters, or to telephone Mrs. Roe, Sierra Madre 157-2.

Plans Are Approved For Rest Rooms, Grills In New Park

Volunteer firemen and members of the Planning Commission hiked up into wooded Bailey Canyon last Tuesday to consider further development of the mountainside section, now being turned into a city park by the fire force.

As the result of their outdoor conference, the firemen, who ceased work on the voluntary project to devote time to the Wistaria Fete, will again donate their services this week-end toward turning the brush-covered canyon mesa into one of the most beautiful recreation districts in the Southland.

The committee, composed of James Hawks, Prof. Oskar Seiling of the Planning Commission, and W. D. Richards, George Norris and Ranger Bob Newberry of the fire department, decided to install picturesque stone grills near the Bailey Canyon trail, and to build restrooms in the recreation district.

NEW OFFICERS OF WILSON P. T. A. WILL BE CHOSEN THURSDAY

The Woodrow Wilson Parent-Teachers' Association will hold its last meeting of this semester on Thursday afternoon, May 28, at 2:30 o'clock. Election of a new crop of officers and their installation will occupy the business meeting, which will be followed by a splendid talk, "The Importance of Parents," given by Miss Pauline Gartzman, who is in charge of Parent-Education for the Pasadena district. A social hour at which refreshments will be served, will follow.

The association's board was entertained at a delightful afternoon tea on Thursday afternoon, at the home of Mrs. L. J. Murphy, 836 North Drive, San Marino. Sierra Madre members of the board are Mrs. F. D. R. Mootie, Mrs. J. O. Smith and Mrs. G. B. Morgridge.

INTERESTING RECITAL BY YOUNG MUSIC PUPILS

An interesting musical event was given Wednesday night at the home of Mrs. George B. Morgridge on West Orange Grove avenue. Her pupil, Kimike Shimizu, 11-year old daughter of Mr. and Mrs. George Shimizu, gave a program of piano numbers. These were interspersed with violin numbers by Michi Nomura. Later the audience was especially favored with a group of songs by Mrs. D. C. Ashmore who gave an aria from "Madame Butterfly" and a cycle by Amy Woodford Finden.

About sixty people were in attendance and after the program refreshments were served.

County Will Help To Operate Summer Health School Here

Sierra Madre is to have a summer health school, limited to a certain number of children selected for special needs, Mrs. Ellen Coll Barker, school nurse, announced at a meeting of the Parent-Teacher's Association in the Grammar School on Wednesday afternoon.

With Los Angeles County Health Department officials assisting, Mrs. Barker will supervise the health class. A tuition charge of \$1 a week, barely enough to cover cost of lunches, will enable undernourished and physically deficient children to receive expert health aid.

Opening Of New Temple Impressive

Many Jewish Leaders, Rabbis And Artists Coming For Sunday's Event

Temple Beth Israel, religious and social nucleus recently completed by the Jewish community here, stands ready for dedication ceremonies at 2 o'clock Sunday afternoon—a beautiful new edifice in which many years of cooperative planning and effort are realized.

The ceremonies will center around presentation of the new structure to the president and congregation by the building committee, which consists of J. S. Weber, chairman, A. Ashkenas, Ben Solnit, Harry Shapiro, Louis Brown and Louis Karpf.

Many notable Southern California Jews, among them Judge Lester William Roth, Rabbis Edgar F. Magnin, S. M. Neches, Eugene N. Rosenberg and Rudolph Lupo, will take part in the exercises, in which Theodore Kitzay, noted tenor, and other celebrities will be heard. The public has been invited to inspect the new structure on the afternoon of the opening and attend the ceremonies.

The temple's ark, which will hold valuable scrolls and religious writings, has been built of inlaid mahogany and other precious woods by A. Ashkenas. It will occupy a central place on the stage Sunday.

Temple Beth Israel is to serve both as a synagogue and as a social and recreational hall. The building, at the corner of Lima and Laurel streets, contains a 60-foot meeting room, backed by a stage with supplementary dressing rooms. In front, a reception room, clubroom and library meet social needs. A well-lighted classroom at the rear of the structure is already serving as an "after school" study hall where youngsters of the race are taught the traditions and ideals of their people.

JUNIORS OF WOMAN'S CLUB WILL PRESENT THREE ONE-ACT PLAYS

Juniors of the Woman's Club have decided to present, and begun rehearsals for, three one-act plays to be staged in the Woman's Clubhouse on June 26, for the benefit of its Scholarship Loan Fund.

Cast members were arranged and plans for presentation made at a special meeting of the Juniors in the home of Catherine McClelland, 383 West Grand View avenue, Monday night.

Plays in process of production, with members of the casts, have been announced as follows by Mrs. Cecily A. Allen, drama director: "Pearls," with a cast composed of Selwyn Myers, Angeline PerLee, Ruth Klunk and Craig McLaughlin; "Lima Beans," numbering among its players Catherine McClelland, Gilbert Somner and Raymond Tarr; and "The Pot Boilers," with Jane Holland, Doris Goshorn, Jack Young, Leslie Miller and Le Roy McBurney.

An anniversary celebration was enjoyed by the Juniors last Thursday evening at the home of its advisor and founder, Mrs. John H. Robertson, of 371 North Adams Street, who formed the group a year ago.

Refreshments were served by the hostess. In the bridge games which followed, Mrs. Emile Smith, Junior president, won first prize, Elsie Lichnog, second, and Ruth Klunk, consolidation. Catherine Sinnott won a special prize.

SIERRA MADRE ARTISTS ON LYRIC CLUB'S PROGRAM

Miss Lalla Fagge, local violinist, will render several selections on the concert program of the Monrovia Chaminade Lyric Club, to be given next Tuesday evening at 8:15, in the Monrovia High School auditorium. Oscar Rasbach, composer of "Trees," will be among the guest artists on the program. The club will feature all California composers, and will present several numbers.

County Aids Cities In A Water Plan

Joins With Sierra Madre And Arcadia To Build Up Underground Supply

At the direction of the County Supervisors the County Flood Control Bureau has associated itself with engineers of this city, Arcadia and the Oakwood Syndicate to economically build up water storage in the underground reservoir here while helping the county to dispose of storm waters of the Big Santa Anita and Sierra Madre canyons.

It developed at Wednesday night's City Council meeting that conferences had been held on the subject in the offices of the Supervisors and a partial plan of action agreed upon.

This plan contemplates construction by the four parties at interest of a huge spreading ground over the underground basin, probably lying mostly if not wholly within the corporate limits of Sierra Madre.

City Engineer E. J. Lynde was delegated by the Council to represent this city in conferences with engineers representing the other interests. When the engineers have agreed upon a plan for handling of the flood waters and subsequent water conservation they are to report to the Councils of Arcadia, Sierra Madre, the Supervisors and the Oakwood Syndicate which will inquire into the probable costs and decide whether they will enter into a joint arrangement to proceed with plans proposed by the engineers.

Fathers To Work With Boy Scouts

Community Committee To Supervise Activities Of Two Local Troops

Boy Scout Troop No. 1 enjoyed another outdoor meeting Thursday night, when they held their troop session in Floral Canyon, telling stories around the campfire.

Like all other Sierra Madre groups, the Scouts have succumbed to baseball fever, and will show the others how to play on Friday night, May 29, when they will give an all-Scout game preceding the Sierra Madre-East Pasadena Legion contest.

As the season progresses teams organized by Scout Troops No. 1 and 2 may challenge other San Gabriel Valley boys groups, it is said.

Final appointments are being made this week on the Boy Scout Community Committee, a board of local citizens to supervise activities of the two troops here.

George Moran, chairman of the Scout committee, announced Thursday that Lee Shippey, friend of boys, has been appointed Director of Publicity and Reading, and will take an active part in planning Scout affairs for the summer.

Others who will assist H. E. Allen, treasurer, and George B. Morgridge, secretary, are: Arthur Evans, Director of the Court of Honor and Director of Civic Service; and George I. Poulter, who is to supervise camping and outdoor activities. Other appointments are still to be made.

Bishop Cantwell, through Rev. Francis C. Ott, Director of Catholic Scout Activities, has appointed Father Hyacinth Clarey of Sierra Madre to attend the Second Camp.

Entertainment For All Assured During Summer

Baseball tonight and the prospect of it almost every night since Sierra Madre has a team in the San Gabriel Valley League of the American Legion and is organizing a city league of its own. A chess tournament in prospect next month. Swimming at Canyon Park plunge this week-end and all summer thereafter. And the fishing season well underway—with a tennis tournament being arranged.

Sierra Madre's season of summer entertainment has opened in earnest. And to cap the climax, Sierra Madre Electric Company finished installation of two 1000 watt reflectors at City Park horseshoe courts Wednesday night, guaranteeing night play for the many devotees of the game in this city.

TO A JACARANDA
By FRISCELLA E. HUNTERBAUGH
It was in Sierra Madre
I first saw you Jacaranda;
On a day all gold and blue,
I stood spell-bound watching you.
You linger in memory still,
As when I stood on the foot-hill,
And gazed above to God's own blue
Reflecting in the flower of you,
My Jacaranda.

Thousand Pupils Of L.A. Schools Here For Nature Study

Close at hand, this city has a beautiful wooded "backcountry" so picturesque and wild that it is a mecca for thousands of jaded city folk each year.

Last Thursday approximately 1000 children from Los Angeles City Schools, enjoyed the unrivaled beauty of Sturtevant Trail, hiking up beyond Recreation Center, (Clark's Half Way House) to Sturtevant Falls, where they spent the day in nature study.

Twelve street car loads of the children started from Mountain Trail early Thursday, returning jaded but enthusiastic in the late afternoon.

Chaperoned by teachers, doctors, nurses and supervisors, children of Los Angeles schools nature study classes look forward each year to the trip up Big Santa Anita Canyon, where rare plants and bird life abound.

Swimming School To Be Conducted Again By Red Cross

The Red Cross swimming school will be held again this coming August at the Canyon Park plunge, W. R. Humphries, director of the local chapter, announced Wednesday night in asking the chamber of commerce to set aside funds to help pay cost of instruction.

Hitherto the swimming school and water show at the municipal pool has been paid for by the Red Cross, Mr. Humphries declared, but this year various civic groups will be asked to aid in the six-day swimming instruction course on account of the multiplicity of demands upon the local Red Cross fund.

REALLY "BAD" MONEY CIRCULATING HERE

Counterfeiters working near this section have put into circulation quantities of bad silver money, Chief McMillan said yesterday. Many specimens of cleverly counterfeited dimes and quarters have found their way to the department in recent weeks. The small coins, apparently hardly worth the trouble of imitating, make up for their minor value in the large quantities easily put into circulation.

Mrs. Brenda Loggins and her mother, Mrs. Harris, of 201 Adams street, returned this week from a vacation at Balboa Beach.

BRIDAL SHOWER HERE FOR BELL GIRL

A bridal shower was given last Saturday afternoon at the home of Mrs. Jack Hosford, 61 West Highland, in honor of Miss Margaret Maxwell of Bell, whose marriage is to take place in early June. The "going away" idea was cleverly carried out in the scheme of decorations, in informal games, and in the presentation of the gifts themselves, as Miss Maxwell was given a baggage check and requested to call for her luggage at the improvised "baggage room." The refreshments served afterwards were also delightfully in keeping with the occasion.

Those present were Miss Margaret Maxwell and Mrs. F. C. Maxwell of Bell, Mrs. F. P. Morgan, Miss Jewel Morgan and Mrs. Sam Giebner of Walnut Park, Mrs. D. E. Erwin, Mrs. Gordon McKee and Mrs. H. G. City May Enter A Float In Greatest Rose Tournament

Sierra Madre may enter a float in the next Rose Parade. Gordon Brooks, representative of this city in the Associated Chambers of Commerce of the San Gabriel Valley, was appointed Monday night by the local chamber to confer with the Pasadena Tournament of Roses Association.

The action was taken after a communication from the Pasadena fete headquarters asked cooperation of Sierra Madre in the New Year's affair, which will herald Olympic Year with a "Nations and Games in Flowers" parade, to which communities all over the state will send entries.

Although this city has not taken part in the annual parade for two years, consensus of opinion at Monday night's meeting indicated that a float will probably be prepared for entry in the next rose festival, planned as the biggest and most elaborate affair of its kind ever staged in Southern California.

Women Drop Title To Men In Churches

Congregational Records Show More New Male Than Female Members

A gain of 525 men as compared with an increase of only 356 women in the membership of the Congregational churches of Southern California last year, is reported by Rev. Dr. Edward D. Gaylord, superintendent and registrar of the Conference. The combined gain brings the membership to 28,689.

More men than women joining the church is a striking reversal

REV. EDWARD W. GAYLORD, D.D.

of the usual proportions. In the total membership of the churches the women outnumber the men nearly twice, the number of women being 18,073 and the men 10,616.

Dr. Gaylord became superintendent and registrar in February, succeeding the Rev. Dr. George F. Kennigott who retired after 15 years of service for the Conference and 41 years in the ministry. Dr. Gaylord was minister of the Church of the Messiah, Los Angeles, 1923 to 1931.

Five new churches were added to the Conference roll last year: Community church, Alpine; First Church, Atascadero; Immanuel Armenian Church, Los Angeles; Kensington Church, San Diego; Community Church, Vista.

The total Sunday school enrollment reported was 25,061, a decrease of 198 from the previous year, while the total membership of young peoples' societies was 6,250, an increase of 200.

Contributions for all purposes to the churches last year amounted to \$840,085. The total for local expenses was \$675,408, an increase of \$33,440; the total for missions and all other benevolences was \$164,677, a decrease of \$140,600.

The value of the property of the churches is placed at \$7,274,956, in increase of \$48,829. Debts totaling \$943,975 are reported by 49 churches. Ten churches received legacies totaling \$40,712. Invested funds held by the churches amount to \$151,400.

Fire Flames

By one of the boys

AS THIS is being written, there are several of the Brave Firemen at home rubbing their sore muscles with witch hazel and alcohol. On Monday evening a bunch of them gathered at the school grounds for practice, in preparation for the Kiwanis-Firemen game. This is written before the game but there is little doubt as to the outcome, with such players as Lee Hibbs, Roy Walsworth, Frank Lovell, Joe Swanson, Gordon McMillan, Harlan Gerlach, Bob Newberry, Bob Babbitt and Jim Heasley on the firemen's roster.

These noted heavies were at practice and showed talent. Hibbs runs like he had sciatica. Walsworth always makes two stops, one when it hits him and one when it rolls away from him. Lovell always wears a glove but he should have it on his chin.

As a ball player, Swanson makes fine coffee. When the ball comes in McMillan's territory he just whistles and the thing stops at the next boulevard, while Gerlach needs no breast protector.

The two Bobs are out for the pitching honors, but we have our opinion of that.

The forest patrolman is now on duty and making his rounds, and if he suggests that you have a fire hazard near you, it is all done in the interest of fire prevention and the public safety. Chief Richards announces that he will also be on the watch for fires in the dangerous territory, so be careful of your smoke. No open fires are permitted north of Grand View avenue.

Let's keep down fires. The City will clean all lots that are not cleaned when they start on this work in a day or two. Regardless of your opinion of this, it is the law, so we must abide by it. It is not the object of the City to make money from this lot cleaning, but with the posting of notices and such, the cost runs much higher than for the individual lot owner who cleans up his own place.

And now since the Chief has had his car painted, he keeps it in front of the fire trucks, making our fire station look like a regular big town fire department. No use in making another truck, there would be no place to put it without enlarging the city hall.

The ladies met last Friday and in order to be good firemen, some of them stayed pretty late, at least we fellows who kept the babies at home thought so. It is not known what the ladies accomplished at their meeting, but we do know that they must have enjoyed the evening, if late hours are an indication. And the men at home must be congratulated. Not one of them was guilty of calling wifely to the phone.

CONTENTED COW STORY

IS NOT MERELY A MYTH Talk may be cheap but not to the dairyman. Talking around cows that are being milked decreases their production by many pounds, according to D. B. Christie.

"Milk is not in the udder of the cow, as many believe. Milk is made in the mammary glands as the cow is being milked," said Christie. "Anything that makes a cow nervous interferes with her production. We have increased the quality and quantity of the milk at the Model Dairy by having everything quiet at milking time. Milk from 'contented cows' is not just a clever advertising phrase as some might suppose," he said.

They Grow in Flanders Fields

Mrs. Ethel Flynn, secretary of the California American Legion Auxiliary, giving check to Fred A. Porter, disabled war veteran, for making the little red poppies, which will bring gladness to the families of those who gave everything in the World War.

INDELIBLY engraved in the hearts of the men who came back from the World War are the little red poppies that grow in the fields of Flanders. To these men this flower has a sacred significance today, as Colonel John McCrae in his famous poem says:

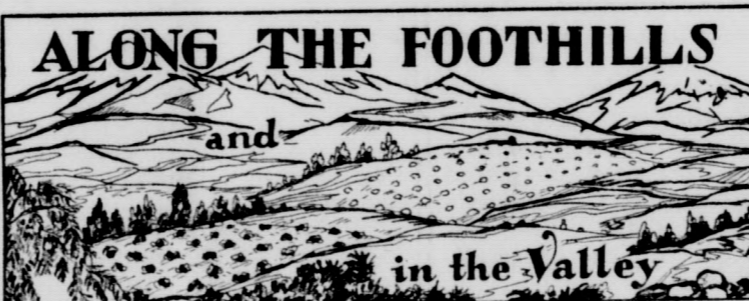

"In Flanders fields the poppies blow,
Between the crosses, row on row—"

On May 23, the members of the American Legion Auxiliary will sell paper replicas of this world recognized symbol of sacrifice in every community in California. The purpose of this sale is two-fold. First

to honor the war dead by wearing the poppy which grows where they fell, and second, to aid the living victims of the war, the disabled veterans, their families and the families of the dead.

"Every poppy sold by the American Legion Auxiliary means relief for a war sufferer in the community it is sold," says Mrs. Ethel Flynn, secretary of the Auxiliary.

"Only volunteer workers sell our poppies and every one is made by a disabled veteran, not receiving government compensation, who is paid for his work by the Auxiliary so he can obtain necessities during his disability."

Altadena is looking ahead. Its Chamber of Commerce last week voted to enter a float in the New Year's Rose Tournament.

Coming within a few cars of the estimate made in advance of this last year's navel orange crop, the Covina territory has closed the season with a total shipment of 1217 cars, or 486,800 packed boxes, to all eastern and foreign points, besides a very heavy shipment this year to Los Angeles markets in the loose box form.

As part of its retraining program the Union Pacific railroad has abandoned its station at Rowland, near Puente, from which great shipments of fruits, berries and hay have gone forth.

Arcadia churchmen are organizing to resist any attempt to restore the race track at Ross Field.

The Pasadena city government lost between \$6,000 and \$10,000 through bad judgment in marketing its navel orange crop, J. W. Seright, president of the Pasadena Orange Growers Association, charged at a meeting of the Crown City trustees on Tuesday. The crop was marketed outside the cooperative association.

All the towns in the West San Gabriel valley report rising water levels in the municipal wells since the late April rains.

Frank Richards, 555 Brookside Lane, will be among the sportsmen in attendance at the annual convention and banquet of the state organization of volunteer deputy game wardens to be held today and tomorrow at the Alexandria Hotel in Los Angeles. Mr. Richards will take reservations from this city for the banquet on Saturday.

CHANGE IN INTEREST RATES

ON BANK DEPOSITS

NOTICE!

Acting in agreement with the banks of Los Angeles, Pasadena and Monrovia, this bank announces the following rates of interest effective July 1st, 1931.

On six-months interest-bearing Term Deposits three and one-half per cent per annum (3½%).
On Time Certificates of Deposit maturing in more than three months and less than six months three (3) per cent per annum, and on Time Certificates of Deposit issued for six months or longer, three and one-half (3½) per cent per annum.
On Special interest bearing Savings Accounts subject to present regulations two and one-half (2½) per cent per annum.

This reduction is deemed prudent and made necessary as the result of prevailing low rates of return upon those types of liquid investments in which banks must of necessity carry a large proportion of their funds for the protection of their depositors.

LOCAL GIRL TAKES
SCHOOL PRIZE AMONG
MANY COMPETITORS

The names of the prize winners for the best notes taken during the annual Faraday Scientific lecture held at Pasadena Junior College last March, have just been announced and the prizes will be awarded at the assemblies of the various schools. Miss Elizabeth Morgridge of this city was one of the 15 winners.

The students of Pasadena high schools and Junior high schools were eligible and notes were handed in immediately after the lecture. The money prizes were divided evenly between the winners.

FELLOWSHIP DANCE
BIG SUCCESS; TO BE
REPEATED REGULARLY

The dance of the Young People's Fellowship club of the Episcopal church, held on Friday in the Parish House, was so successful that Craig McLaughlin, president, announced that the next dance would be held on June 5th, with the probability that they will be regular affairs thereafter.

Catherine McClelland, Angeline PerLee and Virginia Roess presided at the punch bowl on Friday. Mrs. S. M. McClelland, Mr. and Mrs. John H. Robertson and Mr. and Mrs. Philip Senour were patrons and patronesses. Among the many guests present were Robert Wellman, formerly of Sierra Madre, and Mr. Osborne of Redondo Beach.

BUSINESS
is
BETTER
because

Buyers believe the bottom is reached and prices of real estate will be buoyed up by the feeling now being experienced. Three of the houses advertised by me during the past few weeks have been sold—why?—because the sellers have learned that selling prices have to be adjusted to present day standards and buyers are taking advantage of these conditions.

SO BUY NOW!

I have many buys because the prices are right—
JUST SEE HUMPHRIES
and be a buyer now.
